Our school initiatives are on track to meet or exceed our targets

During 2016, we focused on maximising the benefits of this funding for our students. After reviewing our 2016 *Investing for Success* agreement, it is clear that we are on track to meet or exceed our targeted student outcomes. We continue to implement our initiatives to ensure that every student succeeds.

Initiatives implemented include:

- Employing a second Master Teacher part time to ensure support for our Numeracy objectives right across the school,
- Providing teacher release to enable teachers to observe, discuss and plan for best practice initiatives in Mathematics problem solving and numeracy.
- Employing additional teacher aides to better personalize the learning for students in Literacy and Numeracy.
