## ROCHEDALE SOUTH STATE SCHOOL STUDENT DRESS CODE

The values of care, courtesy, cooperation, commitment and contribution underpin all that we do at Rochedale South State School. Therefore taking care of ourselves and showing pride in our appearance and in our school is important. The wearing of our school uniform is compulsory as ratified by our school community.

*The P & C of Rochedale South State School resolves that it supports the Student Dress Code for Rochedale South State School because it believes that the Student Dress Code promotes the objectives of Education (General Provisions) Bill 2006.*

*In particular, the P & C supports the intention of a student dress code in providing a safe and supportive teaching and learning environment by:*

- ready identification of students and non-students at school;
- eliminating distraction of competition in dress and fashion at school;
- fostering a sense of belonging; and
- developing mutual respect among students through minimising visible evidence of economic or social differences.

### E. CONSEQUENCES FOR NON COMPLIANCE WITH STUDENT DRESS CODE

If a student does not attend school or school related activities in the correct uniform the following actions may be taken:

1. The student may be offered appropriate items from the bank of spare uniforms held at the school for this purpose.
2. The student may be prevented from attending, or participating in, any activity (that is not an essential educational program) for which the student is representing the school.
3. Parents informed via an Infringement Slip and support requested to prevent recurrence.
4. Removal of inappropriate items/adornments e.g. jewellery or makeup.
5. Persistent refusal to follow instructions regarding compliance with the Dress Code may result in a consequence consistent with the Responsible Behaviour Plan for Students.

The only **exemptions** to this policy are students whose impairments prevent their ability to conform to the dress code or students whose families have religious or cultural grounds for conscientious objection. In such cases, these students will need to discuss their situation with school administration who will review the issues involved.
